

Hello!

The American Association on Intellectual and Developmental Disabilities (AAIDD) is a national organization dedicated to supporting and educating professionals who work with people with disabilities. The Wisconsin Chapter (AAIDD-WI) focuses on training and supporting the needs of Wisconsin's citizens.

On March 13th, 2026, AAIDD-WI will sponsor a hybrid event with an in-person option at UW River Falls in the Ballroom along with a virtual option entitled "Pathways to Inclusion- Unpacking Home & Community-Based Supports (HCBS)". This event is all about what really matters in life-belonging, connection, and having the chance to be part of everyday community life. We'll explore the HCBS rule, why it matters for all of us, how it shapes health and well-being, and simple, practical ways we can put into action together.

We are proud to have two nationally recognized speakers for this year's conference: Kate Brady, PHD, ABD from Human Services Research Institute and Brain Avery, PHD from University of Minnesota Institute on Community Integration. We will also have a panel of MCO providers in Wisconsin.

We are asking people who care about people with developmental disabilities and the services they receive to sponsor this important training and AAIDD-WI. We offer sponsors advertising on our website conference page and/or a vendor booth at the conference. Donations will go directly to AAIDD WI to sponsor our annual conference. The attached Agency Sponsorship form provides additional information.

If you have any questions, please contact Dan Drury by phone: 414-322-8979 or e-mail: ddrury@o4cg.com.

Sincerely,

Dan Drury, Conference Chair AAIDD-WI
